LETTER FROM THE ASSOCIATE VICE PRESIDENT

Dear Valued Partners,

Reflecting on the past year, we proudly highlight the profound impact our award program has had on our students. Keyano's commitment to supporting academic excellence and personal growth has been unwavering, and the success stories of our award recipients are a testament to this dedication.

In the 2023-2024 academic year, Keyano College distributed over \$759,000 in awards to 312 unique students. These awards have provided financial relief and empowered our students to pursue their educational goals. Each contribution has played a crucial role in shaping our students' futures.

One of the most significant outcomes of these awards is the removal of financial barriers. Many of our students face challenges in funding their education, and these awards have served as a source of hope. Moreover, the impact extends beyond financial assistance. These awards have instilled a sense of recognition and encouragement among students.

The stories of our award recipients are truly inspiring. From single parents balancing education and family to mature students returning to school to make a difference in their communities and Indigenous students overcoming unique challenges to excel in their studies, each narrative is a powerful reminder of why we continue to invest in our students.

We are immensely grateful to our generous donors, whose tireless support has made this possible. Their contributions are investments in education and the future of our community. Each dollar donated translates into opportunities for our students to learn, grow, and succeed.

As we look ahead, we remain committed to expanding these opportunities and ensuring that every student at Keyano College has the support they need to reach their full potential. We thank the community for being part of this incredible journey and for making a lasting impact on the lives of our students.

Sincerely,

Chantal Beaver
Associate Vice President, Public Engagement
Keyano College

BECAUSE OF YOU...

When Covid hit in 2020, I was laid off from my place of employment of 9 years. With a wife, two kids, a house and a dog, it was time for a career change. By January 2022 I was ready for my first block of apprenticeship training. I worked extremely hard to do well in class and then, even harder in the field to gain experience.

BECAUSE OF YOU I am able to afford the tuition to complete my 4th block of apprenticeship training, when I thought I'd have to postpone it because I couldn't afford the tuition or to miss the time at work.

I was talking to my wife 3 months ago about needing to put off school as I could not afford the tuition or to miss work at this time. She advised me to take the dive and everything would work out in the end.

THANK YOU for recognizing the hard work and dedication I have put into my schooling. And second, thank you for helping to alleviate the financial stress of returning to school. This means so much to me and my family. Thank you so much.

BECAUSE OF YOU...

I wanted to take a moment to express my sincere gratitude for the award. Your support towards women and Indigenous students means the world to not only myself but anyone who find themselves in a similar position.

BECAUSE OF YOU, I will be able to complete my apprenticeship schooling as I was struggling with finding the funds. This will make it easier to focus and achieve my goal of continuing to be top student towards my next levels. Your generosity gave me motivation to keep my goals high and that there will always be a way if you work hard.

THANK YOU once again for your belief in me, and so many others facing challenges and becoming a helping aid.

BECAUSE OF YOU...

I am a 3rd year student in the BScN nursing program at Keyano college and I am the proud mother of a beautiful 3-year-old boy. Whenever I tell people I'm in my 3rd year with a 3-year-old, I understandably get met with questions on my sanity. When I was 8 months pregnant, I started my post-secondary journey to provide a better life for my son.

Now here I am, three years later, nearly done with my little best friend by my side. Life is so beautiful, and I couldn't have made it this far without my village. Today, you become a part of that village, and I cannot thank you enough. **BECAUSE OF YOU**, I will be able to focus more of my time and energy on my child rather than how I will make ends meet between classes. From the bottom of my heart, I cannot thank you enough for your generosity, and becoming a part of my journey.

BECAUSE OF YOU...

Receiving this award fills me with a profound sense of pride and appreciation. It is a testament to your belief in the potential of Indigenous students like myself and your commitment to supporting our educational aspirations.

BECAUSE OF YOU, this award will provide invaluable financial assistance, allowing me to focus more fully on my academic pursuits. Beyond the monetary support, your recognition instills in me a renewed sense of determination and motivation to excel in my chosen field.

I am deeply grateful for the opportunity this award affords me to further my education and pursue my dreams. Your generosity not only alleviates financial burdens but also serves as a source of inspiration for me to strive for excellence in all aspects of my academic and personal endeavors.

Please accept my sincerest thanks for this incredible honor. I am truly humbled and grateful for your support, and I pledge to make the most of this opportunity to achieve my academic goals and contribute positively to my community and beyond.

BECAUSE OF YOU...

I would like to take the opportunity to thank you immensely for your generosity and financial support towards my education in the Bachelor of Science in Nursing program at Keyano College.

I decided to quit my job and go back to school to become a nurse at the age of 44 years old. I saw that the health care system was in dire need of nurses and I wanted to contribute by joining the force of people who care for some of our community's most vulnerable. It was a huge endeavor for me to leave a pay cheque behind and focus on my studies for four years. **BECAUSE OF YOU**, my financial burden has been reduced and that allows me to spend my time applying myself to my program.
