## Here's To You! You are why we do what we do...

And there is nothing more exciting or gratifying to us than your presence at CENTURION 2020, the better retail jeweler's favorite trade show. The 2020 Centurion show will be outstanding! We have much to celebrate together in Phoenix. Here's to:

- **An unparalleled exhibitor** list of 150+ top consumer & trade brands & service companies
- **Conducting highly valuable**, full-year, strategic planning meetings with key vendor salespeople and principals
- **Our enticing environment** that's so conducive to shopping gorgeous new items and finding the perfect new line!
- **Incredible breakfast-time** education with an innovative full-hour of business training each morning by Disney Institute. Plus stimulating, early morning Centurion retailer roundtables on topics of high interest.
- **Networking, par excellence**, an important Centurion specialty! You'll love the open bar moments after hours on a cozy sofa or opposite a beautiful fire pit that open & build valuable business relationships in just the right intimate, exclusive setting
- **The fun & smiles**, another Centurion hallmark ... from arrival day golf & tennis tournaments to spa visits, pickle ball and the family friendly lazy river
- **Sebastian Maniscalco**, one of today's hottest comedians, who will perform on Friday evening, January 31, 2020
- **Centurion's special, value-added programs!** Ask your account exec about 'Centurion elite' benefits; airfare savings through 'speed dating'; getting on the 'no call list' and more!

Here's to you and celebrating Centurion's 19th anniversary together with us in Phoenix at the J.W. Marriott Desert Ridge Resort & Spa.

Looking forward to it!

MisenoUSA.com

Inspired by the history of the Mediterranean, Miseno is a modern-day collection of feminine, fashion-forward jewelry. Brand founder, Antonio Cardamuro, sought to fulfill his personal passion for jewelry while paying tribute to his upbringing in Miseno, Italy. The Ancient Roman arch, Arco Felice, the gateway to the city of Miseno, is the brand logo. The Romans believed that upon entering through this arch, one would find happiness. With such a rich history to draw from, Antonio's vision took shape, resulting in a collection of 18K gold hand crafted jewelry complete with semi-precious and precious gemstones.

Monica Rich Kosann's collection is rooted in the idea that every woman has a story to tell. Monica began her career as a fine art photographer, which informed her interest in jewelry design and led to the re-invention of lockets and other fine jewelry heirlooms for a new generation. Monica's design process is driven by one question: "Is the style both contemporary and timeless, can a woman treasure it in 20 years as much as she does today?" Today, her collections are offered in her boutique in New York, her lifestyle shop at Bergdorf Goodman, and over 100 fine jewelry and specialty stores.

 @saraweinstockjewelry

Born in Northern California into a large, predominantly female, family of artists Sara Weinstock developed an early appreciation for femininity and the ability jewelry has in enhancing that feminine beauty. Her work reflects such love in that she believes, “There’s nothing sexier than a woman who feels the powerful feminine within.” This is the alchemy behind each piece. But pair it with the visually breathtaking and exquisite beauty of any SW design, then you have a woman who has truly found her piece de resistance. As her work evolves over time, Weinstock understands that femininity is ever changing and different for each woman which is why each collection represents every kind of woman.

Intricately mixing a vintage yet contemporary charm, Sethi Couture embodies an aesthetic of simplicity and celebration. Sisters Pratima and Perna Sethi design with a simple philosophy: Elevate the Everyday. From their signature stacking bands in 18K, color and rose cut diamonds to feminine and antique inspired silhouettes, each piece tells a story of the past, present, and future that can be cherished everyday.

The BYOB! Bring Your Own Bands Party®, an invention of Sethi Couture, is known for their unique styling of rings in unexpected ways. The party, as said by an editor, “an event that acknowledges the shopper’s desire and need to find looks that blend perfectly with their existing jewelry flirts with brilliance.”
